### **DETAILED ACTION**

1. The Amendments and Applicant Arguments submitted on 02/18/09 have been received and its contents have been carefully considered. The examiner wishes to thank the Applicant for the response to the Examiner's action and for amending the claims in the appropriate manner.

Claims 1 is cancelled.

Claims 2-8 are pending for examination.

### ***Claim Objections***

2. The objections have been removed in response to Applicant's Amendments.

### ***Claim Rejections - 35 USC § 112***

3. The rejections to claims 7-8 under 35 USC 112 have been removed in response to Applicant's Amendments.

### ***Response to Arguments***

4. Applicant's arguments, see pages 5-6, filed 02/18/09, with respect to claim 6 have been fully considered and are persuasive. The rejections of claims 2-8 have been withdrawn.

***Allowable Subject Matter***

5. Claims 2-8 are allowed.

The following is an examiner's statement of reasons for allowance: Applicant's arguments on pages 5-6 with respect to claim 6 are persuasive. Therefore, the cited prior art do not teach or suggest an elevator apparatus comprising a rail joint detecting device for detecting presence of a joint of the unit rails which is between each of the unit rails and a joint determining portion for determining an existence of the joint of the unit rails based on information from the joint detecting portion, and a car position correcting portion for correcting information on the position of the car from the car position detecting portion based on information from the joint determining portion. The combinations of the claimed limitations in the independent claim 6 is not anticipated or made obvious by the prior art of record in the examiner's opinion. Thus, claims 2-5 and 7-8 dependent on claim 6 would be allowable as well.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kawing Chan whose telephone number is (571)270-3909. The examiner can normally be reached on Mon-Fri 9am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Walter Benson can be reached on 571-272-2227. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
